The club is run by volunteers. Members, or the parents/guardians of junior members, are expected to assist those volunteers in some capacity each year.

As the club was continuously short of parental help with officiating duties during 2010, it was agreed at the AGM in November 2010 that for the 2011 season the club will trial an officiating rota to cover the club's quota of officials at league matches and to provide officials for club events.

NOTES

- At the start of each competition, volunteers should check-in with the club contact:
Central & South League – Sandra
Forth Valley League – Jill / Stephen
Club Trials/Championships - Alistair
- Start times for the competitions will be published on the club website closer to the event date.
- The officiating duties are usually as simple as raking the sand in a long jump pit or collecting shots/javelins. Previous experience of athletics is not required and is not expected. The events are managed by qualified officials and full guidance is always given.
- It is the responsibility of the parent/guardian to find a replacement or someone willing to switch dates if you're not available on the allocated date.
